**MODERN FINNISH CHURCHES** JUNE 10 - JULY 24, 2005

Hughes Condon Marler : Architects in collaboration with Emily Carr Institute presents *Sacral Space*, featuring the best of modern Finnish church architecture. As the only Canadian presentation of this atmospheric exhibit, visitors can view photographs, videos and scale models of 12 strikingly modern and evocative churches built in Finland after World War II. Ethereal light, clean lines and sparse spaces unite these uniquely Finnish designs, Alvar Aalto's the Church of the Three Crosses among them.

Guided tours of the exhibit run June 18, July 2, July 16 at 1 pm.
